Parlakimedi, Raja's College

This institution, which was started in 1857 as a primary school, became a first-grade middle school in 1878, a first-grade high school in 1884 and was raised to a second-grade college and affiliated to the University in 1896. As a school it was under the management of a local committee, which was dissolved in 1890, when the Court of Wards handed over the administration of the zemindari to the Raja, whose agent was, till 1902, the sole manager of the school. The institution was afterwards directly managed by the Raja, whose premature death in 1905 again led to its being placed, along

with the zemindari, under the management of the Court of Wards, acting through its agent, the Collector of Ganjam, advised by a council. In April, 1913, the Court of Wards handed over the administration of the zemindari to the present Raja and the college is now under his management.

There is also a school department attached to the college.

Kumbakonam College

The Kumbakonam College, which is a Government institution, was originally established as a provincial school on October 19, 1854. The school was raised to a College in 1867, students being sent up for the B.A. Degree Examination for the first time in February, 1869. In 1871 Rs. 40,000 were sanctioned for the work of repairing and enlarging the existing buildings. By 1872 the school house had been taken over by the Government, and the new buildings were completed by the end of 1875. In 1880 Logic classes were started for the B.A. standard, and a Philosophy lecturer appointed. The high school classes attached to the college ceased to exist on March 31, 1881. In 1885 the sanction of the Secretary of State was accorded for the re-organization of the college so as to enable it to give instruction in all the optional subjects of the new Arts curriculum, Biology excepted. In 1913 the new lecture rooms and the Laboratory were completed and the old science block used for the Principal and the college office.

As early as 1882 a Committee was established to consider the erection of a boarding house but the buildings were only completed in 1905 at a cost of Rs. 61,000 raised by public subscription in memory of the Jubilee of the late Queen Empress.

The college is affiliated at present in Groups i and iii of the Intermediate courses and in Groups (i), (iv), (v), and (vi), of the B.A. Degree courses. The second languages taught are Sanskrit and Tamil.

The endowments attached to the college are—

1 *The Muppanar and Beauchamp prizes.*—These were originally given in the form of gold medals, but, after the revision of the B.A. curriculum in 1885, the two endowments were amalgamated and the aggregate interest thereon provides a prize in each of the three science subjects taught here and in English.

Madras Christian College

This institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland to Madras. It was originally styled the 'General Assembly's Institution', but, remaining in dependence on that section of the Church which in 1843 dissolved its connection with the State, it was known from that time as the 'Free Church of Scotland Mission Institution'. The college department was opened in 1865. In 1876 its basis was widened. Other Christian bodies combined with the Free Church of Scotland in contributing to its support, and it became the most important centre of Christian liberal education in Southern India. The bodies which contribute to its support, and are represented on its council are, at the present time, the United Free Church of Scotland, the Wesleyan Missionary Society, the Church Missionary Society, the Church of Scotland, the American Baptist Foreign Mission Society and the London Missionary Society.

There are hostels attached to the college affording accommodation for about 200 of the students.

The College is affiliated in all the groups of the Intermediate Course; in Groups (i), (ii-A), (iii-B), (iv), and (v) of the B.A. Degree Course and in Branches i, ii-A, iii, iv, v and vii of the B.A. (Honours) Degree Course. Instruction is offered in Sanskrit and Latin in Group iii of the Intermediate Course.

Ten scholarships are awarded annually on the basis of the Secondary School-leaving Certificate and the Intermediate Examination respectively to students joining the First and the Third college classes.

Ten student-ships are awarded annually in the Honours Classes, viz. two for English, two for Physical Science (or Mathematics), two for Natural Science, two for Philosophy and two for History.

In addition to these there are seven scholarships and one student-ship, awarded annually in the various college classes to students who have been previously reading in the school or college classes of the Institution.

Particulars regarding these scholarships and studentships, as also regarding the endowed prizes of the college, may be found in the College Calendar, which is published annually in July.

The number on the rolls of the college at the beginning of the long term, 1916, was 894, viz.—

Trivandrum, Maharaja's Law College

In 1894, the Trivandrum Law class, which was opened in 1875 and affiliated to the University, was raised to the status of a college. It is intended to afford instruction to students preparing for the M.L. and B.L. Degree Examinations of the Madras University and the Pleaderships, Civil and Criminal Special Tests, and such other examinations in Law as have been or may hereafter be instituted by the Travancore Government. In June, 1902, the old rules regulating the constitution and working of the Law College were revised by His Highness the Maharaja's Government by which the general management of the college was vested in the Principal subject to the control of the Dewan, the Law College Council being thus abolished. In January, 1909, a slight modification was made by placing the Law College under the Director of Public Instruction. This arrangement was subsequently altered when in April, 1910, it was finally placed under the control of the High Court. The Law College, it may be noted, is the only self-supporting Educational Institution in Travancore. The rules of the Madras Law College have, with very slight alterations, been adopted in the institution. The curriculum for B.L. students is that laid down by the University regulations.

There were at the beginning of the year twenty-nine students in the B.L. class, forty-three in the S.L. class, thirty-nine in the F.L. class and 154 in the Pleaderships classes.

Examination; the 'Sadasiva Pillai Law Prize' of Rs. 40 to the student who, being a subject of His Highness the Maharaja of Travancore, passes highest at the examination for the degree of Master of Laws or Bachelor of Laws of the University, and who does not get the Cullen Law Prize, preference being given to the candidate who passes the M.L. Degree Examination when there are both B.L. and M.L. candidates in the same year.

There are at present 1,370 volumes in the library. The Government have sanctioned an annual grant of Rs. 500 for the library.

During the year of practical training subsistence allowances of Rs. 50 per mensem for Europeans and Eurasians, and Rs. 25 per mensem for Indians are ordinarily granted, but these amounts are increased to Rs. 60 and Rs. 37-8-0 per mensem respectively in the case of students posted to hill stations or employed in hill tracts and other special localities for which local allowances have been prescribed for the members of the P.W. Department in Appendix 19 to the P.W.D. Code, Vol. III or have been specially sanctioned by Government. Such allowances are, however, contingent on the good conduct and satisfactory progress of the student; and on proof of misconduct or idleness, the allowances may be withdrawn by the Principal on the recommendation of the Executive Engineer or the Officer in charge of Workshops. Travelling allowance to students joining or on the works are drawn at the rates sanctioned for officers of the third class under the Civil Service Regulations.

One appointment as apprentice Engineer in the Public Works Department is conferred annually by Government on the student, either Civil or Mechanical Engineer, judged most suitable on the results of the examinations and the promise shown by him and his general behaviour during the college course. The nomination of the student is made by the Chief Engineer in consultation with the Principal of the College. The apprenticeship commences on July 1 following the final examination and ordinarily extends over twelve months, when the apprentice, provided he has fulfilled the conditions of paragraph 150, Vol. I, P.W.D. Code, ninth edition, is brought on the permanent establishment of the Public Works Department, Provincial Service, as third-grade Assistant Engineer. Other Engineer students, who have satisfactorily completed the practical course, are eligible for appointment to the temporary upper subordinate establishment of the Public Works Department, whence transfers may be made to the permanent establishment to fill existing vacancies on the recommendation of Superintending Engineers. Fully qualified Engineer students are also appointed Assistant Engineers under Local Boards.

Library.—The Library contains about 5,853 volumes with a Lending and a Consulting section.

Scholarships.—Two scholarships of the monthly value of Rs. 15 each are awarded annually in each of the four class divisions. At the commencement of the first year of study these scholarships are granted by the Principal at his discretion; at the commencement of the second year they are awarded to the students who obtain the highest number of marks during the first year, and at the beginning of the third and fourth years to the student who stand highest at the sessional examinations. A third scholarship of the monthly value of Rs. 15 is awarded annually in each class-division by the Principal to a student who does not hold one of the first-mentioned scholarships, preference being given to a Muhammadan or Indian Christian, or a European or Eurasian, in the order named. The above scholarships are tenable in each case for one year. One scholarship of Rs. 20 per mensem tenable for three years, may, under Gazette Notification, dated August 11, 1902, be awarded annually to a European or Eurasian student at the beginning of the course of study. In the award of the above scholarships, students who hold University or other scholarships will be treated as disqualified and the scholarship will be awarded to the student who stands next in order of merit.

University Library, Madras

In November, 1903, a proposal was received by the Government of Madras from the Madras University that a legacy of Rs. 25,619, bequeathed to it by the will of the late Mr. William Griffith, dated September 9, 1897, and received by the University on October 25, 1901, should be utilized for the establishment and organization of a library in connection with the University; and that the University should be associated with the management of the Connemara Public Library, in view of making that a University as well as a Public Library. The Government agreed to the proposal and allowed the University the use of the Connemara Library buildings for the deposit of its books, provided that these books, while remaining the property of the University, are available to the general readers of the Connemara Public Library.

In August, 1907, a grant of a lakh of rupees was made by the Government of Madras to be added to the Griffith bequest for the foundation of the University Library.

Towards the upkeep and maintenance of the Library, the University of Madras grant a sum of Rs. 7,000 annually from the Fee Fund.

The management of the University Library is vested in a Committee, consisting of five Fellows of the University and the Principal Librarian of the Connemara Public Library, who is *ex-officio* Chairman of the Committee. The first Committee was appointed by a resolution of the Syndicate, dated December 5, 1906, and held its first meeting on February 9, 1907. The Committee is authorized to frame rules for the issue of books and to arrange for the general administration of the University Library; and in consultation with the Chairmen of the several Boards of Studies to purchase books and journals for the library.

The books and journals acquired for the library are in general such as are adapted for reference and for advanced study and research. Books of an elementary character are excluded from the library.

A catalogue of books relating to the subjects of History, Economics, Politics, and Sociology which are available in the combined Connemara and University Libraries, has been published and is priced annas eight.

An author catalogue of all the books contained in the University Library has been published and is priced one rupee.

For the present the library is open to the public daily from 7.30 a.m. to 2 p.m. except on Fridays. On the first Saturday in each month, it is closed at 12 noon.

Books are lent out to Fellows of the University, Members of the Boards of Studies, Professors, Assistant Professors and Lecturers in affiliated colleges, and persons engaged in special research, when resident in Madras or its immediate vicinity. Persons removing books from the Library are required to make a cash deposit of twenty rupees.

AFFILIATION TO THE UNIVERSITY OF OXFORD

I. LETTER FROM THE ASSISTANT REGISTRAR, UNIVERSITY OF OXFORD, DATED AUGUST 20, 1908

It is not infrequently the case that students who wish to claim the status of Indian Senior or Junior Students come to Oxford without having the necessary evidence to support their claim.

In order to prevent the inconvenience and delay which often arises from this cause, I venture to make the suggestion that each student from your University who comes to Oxford, and who is entitled to claim the status of Indian Senior or Junior Student should be provided with a Certificate which will at once show that he has satisfied the necessary conditions. These conditions are

(a) for a Junior Student—

(1) that he has pursued at his University a course of study prescribed by it and extending over two years;

(2) that he has passed all the examinations incident to the course.

(b) for a Senior Student—

(1) that he has pursued at his University a course of study prescribed by it and extending over three years;

(2) that he has 'taken Honours' in the final examination incident to the course.

The certificate should therefore in either case state definitely that the two conditions have been fulfilled.

The conditions under which a student shall be deemed to have 'taken Honours' are usually set forth in a decree for each University, and the certificate should be drawn up in exact accordance with the terms of the decree.

I enclose a copy of the decree for your University, and also specimens of certificates which would be sufficient in the case of a student from it, and it would be a very great convenience, both to me and to the applicant, if a certificate in one or other of these forms could always be produced when a claim is made.

There is one other point. Before taking his degree it is necessary for a Colonial or a Foreign Student to have 'shown a sufficient knowledge of the Greek language.' The decree for any University frequently sets forth that any member of that University who has satisfied certain specified conditions 'shall be deemed to have shown a sufficient knowledge of Greek.' When it is desired to take advantage of this a certificate should be given stating, exactly in the terms of the decree, that the candidate has satisfied the prescribed conditions.

All certificates should be officially stamped or sealed, and signed by some responsible official of the University.

ENDOWMENTS

GENERAL

I

Government Scholarships to England

By a Resolution of the Government of India in the Home Department No. 1/45—57, dated February 12, 1886, six scholarships were instituted tenable in England by persons who are natives of India within the meaning of Section 6 of Statute 33 Vic., Cap. 3. The scholarships are placed at the disposal of the Universities of Calcutta, Bombay, Madras, and the Punjab in rotation.

The following is the Resolution of the Government of India which supersedes and collates all previous Resolutions and Orders on this Subject:—

Resolution of the Government of India, Department of Education (Education), dated Simla,

May 1, 1916, No. 399

Three questions of importance have lately been engaging the attention of the Government of India in connection with the policy regarding State scholarships:—

(a) The advisability, in the interest of female education in this country, of assisting and encouraging Indian women to receive a medical training outside India in the United Kingdom or elsewhere;

(b) The insufficiency, in some cases of the existing rates of Government scholarships; and

(c) The difficulty of securing the admission of State scholars to the Universities of Oxford and Cambridge.

2. The importance of (a) has been emphasized by the recent institution of a medical service for women in India. Moreover, the provision of facilities for a course of training in Europe should increase the attractiveness of the study of medicine as well as afford an inducement and an opportunity for the best women graduates to undertake special courses of training abroad. The Government of India have accordingly invited and obtained the approval of the Secretary of State to the grant, from Imperial revenues, to an Indian woman graduate of one scholarship annually, tenable in the United Kingdom or, with special sanction, in foreign countries. This scholarship, however, will not necessarily

be confined to the study of medicine but will also be available for training in certain other subjects. The general practice will be that while the scholarship will usually be awarded for the study of medicine, it may also be available for a candidate who desires to undertake some other educational or professional course. Further particulars regarding the scholarship will be found in Appendices I and II. The first scholarship will be awarded in 1916.

As regards paragraph 1 (b) it has been found that, in the case of scholars residing at an Oxford or Cambridge College, the allowance of 200*l.* a year is sufficient only to cover the necessary expenses of college life and permits little margin for vacation and other expenses. The existing allowance of 150*l.* in the case of Oriental scholars is also considered inadequate. Hence, after consultation with Local Governments and with the sanction of the Secretary of State, the Government of India are pleased to announce that :—

(a) The value of the two Government of India University scholarships and of the scholarships granted to a male member of the domiciled community which are mentioned in paragraph 6 (a) and (c) of this resolution shall be raised from 200*l.* to 250*l.* a year when held in a college at Oxford or Cambridge.

(b) The value of the language or Oriental scholarships which are mentioned in paragraph 6 (d) of this resolution shall be raised from 150*l.* to 200*l.* a year, on the understanding that the holders of these scholarships will in future be required to pay their own University fees ; and it will be further increased to 250*l.* a year on the same understanding when the scholarship is held in a college at Oxford or Cambridge.

(c) Before a male scholar leaves India his parent or guardian must show that he has sent to the Secretary for Indian Students in London a sum of 25*l.* for initial outfit expenses. In the case of a technical scholar the sum of 15*l.* will be sufficient.

4 With regard to paragraph 1 (c), the difficulty of securing admission to colleges at Oxford and Cambridge is largely due to the late date on which applications for admission on behalf of State scholars are often received. The Secretary of State has recently pointed out that, to ensure success, such applications, accompanied by the requisite testimonials, should reach the Secretary for Indian Students in March or April each year. The importance of the early and punctual submission of the nomination of scholars was therefore brought to the attention of Local Governments and Universities. As will be observed from this Department's letter, No. 2428-2432, dated December 24, 1913, nominations for University scholarships are required to be submitted in the spring or earlier. The Government of India have been in communication with the Secretary of State regarding this matter and have ascertained that, in cases where delay is inevitable through the necessity of awaiting examination results, arrangements for the admission of scholars to Oxford and Cambridge Colleges may be made, provided that the selection is reported to the Secretary of

State by telegram only in June and testimony of witnesses during that month. In order that this may be done the Government of India desire that in the cases of all State scholarships applications should be received on or before May 15th at the very latest. Nominations submitted after that date cannot be considered and otherwise the interests of all concerned may be affected adversely. It is hoped that by this means the arrangements made for the admission of State scholars to the English Universities and especially those of Oxford and Cambridge will be rendered more effective.

5 For the sake of convenience the present opportunity is taken to supersede and collate all previous resolutions and orders on this subject and to issue the present resolution the appendices to which deal with State scholarships of all kinds held abroad and the rules relating to them. It is proposed instead of issuing supplementary instructions which may be required in future to embody them in reissues of the present appendices. It is thought that this method will be convenient to the public since enquiries regarding the conditions of these scholarships are frequent.

6 The Government of India have from time to time sanctioned from Imperial revenues the following State scholarships (such as that established in this resolution) tenable abroad by student of this country —

(a) Two scholarships of 200l or 250l [*vide* paragraph 3 (a)] to be awarded annually by the Universities (*vide* the Government of India Home Department, Resolution No 1457 dated February 12 1886)

(b) Ten technical scholarships of 150l to be awarded annually to statutory natives of India (*vide* the Government of India Home Department Resolution No 41 dated January 20 1908)

(c) One scholarship of 200l or 250l [*vide* paragraph 3 (a)] to be awarded annually to a male student of the domiciled community (*vide* the Government of India Home Department Resolution No 221 238 dated March 19, 1907)

(d) Two scholarships of 200l or 250l [*vide* paragraph 3 (a)] to be awarded annually for the study of Oriental languages (*vide* the Government of India Home Department, Resolution No 731 748, dated September 1, 1908)

(e) One scholarship of 200l to be awarded annually to a female candidate of the domiciled community (*vide* the Government of India, Department of Education, Resolution No 12 1217 dated July 10, 1913)

(f) One scholarship of 200l to be awarded annually to an Indian woman graduate (*vide* paragraph 2 of this resolution)

Further detailed information regarding these scholarships is given in appendices to this resolution

Ordered, that a copy of this resolution be forwarded to the Government of Madras for information

APPENDIX II

GENERAL AND SPECIAL RULES GOVERNING THE GRANT OF STATE
SCHOLARSHIPS

(GENERAL RULES)

(i) Candidates must produce medical evidence of physical fitness to undergo a course of study abroad.

(ii) Except in the case of University scholarships for which (subject to the approval of the Governments of India, Madras and Bombay) the Universities make their own selection, each Local Government is invited to nominate annually a candidate or candidates, as the case may be, and the Government of India select from among those nominated the candidates who appear to them the best fitted to hold the scholarships. For technical scholarships no candidate is to be selected by Local Governments on the result of a competitive examination either open or limited.

(iii) Full details including the name and occupation of the scholar's father and place of birth, a summary of his academic career in India and a statement of the course of study proposed to be followed in the United Kingdom, should be furnished for transmission to the India Office some time before the scholar's arrival in England.

(iv) When nominating candidates already resident in the United Kingdom, Local Governments should give the earliest possible intimation to the Government of India regarding the qualifications of such candidates, the course of study they propose to pursue and their address in the United Kingdom. The Government of India will then communicate these particulars to the Secretary of State, and will await a reply from him before selecting the scholars. The Government of India will transmit to Local Governments the views or instructions received from the India Office at the earliest possible date and, if necessary, by telegram.

(v) Difficulties sometimes arise owing to scholars arriving in England with preconceived plans and ideas based on the advice of educational authorities in India as to the courses of study they should follow and the institutions to which they should secure admission, or owing to a scholar's unassisted efforts on his arrival to make his own plans without a sufficient knowledge of the requirements of the educational institutions in the United Kingdom. To obviate this cause of difficulty arrangements should be made to let the India Office receive in good time any special suggestion that may be made by college professors and other educational authorities regarding the course of training which a particular scholar might follow with advantage.

(vi) Selected scholars should communicate with the local Advisory Committee (in Burma, the local branch of the Burma Society) in order that they may obtain advice regarding certificates, etc., and they should, when proceeding to England, take with them the originals of their certificates, testimonials and other important personal documents suggested to them by the local Secretary to the Advisory Committee.

(vii) State scholars are required to proceed to England within a reasonable time from the date of their selection so as to arrive there not later than the middle of September, and to reside there for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarship will be payable from the date on which the scholars report their arrival in England. Selected scholars will be provided with a second-class passage to England and also with a second class return if they carry out the instructions of the Secretary of State, and complete the full period of residence or are compelled by sickness to return within that period.

(viii) The scholarships carry with them no conditions as to any subsequent career or service under Government and no expectations of such employment are held out.

(SPECIAL RULES)

(a) *University Scholarships*

It is open to each University to consider whether a special examination should be held for the selection of the scholars, or whether the selection should be made on the results of the ordinary examinations. If special examinations are held, the regulations which the University concerned may propose to lay down in regard thereto should be submitted for the previous approval of the Government of India, the necessary arrangements for the conduct of the examinations being made under the orders of the University authorities. The candidates for the special examinations, when such examinations are held, must be young men of proved ability, and will be selected by the Vice-Chancellor on the report of the Syndicate or governing body, who will in their turn be guided by the opinions of the professors and examiners concerned.

(b) *Technical Scholarships*

(i) Local Governments will consider what industries are of importance in the province, and which of them may best be encouraged by scholarships, taking care to connect the scholarship scheme with the system of technical and industrial education in the province. Industries in which Indian capital and enterprise are engaged or likely to be engaged are particularly appropriate for selection.

(ii) In the autumn of each year Local Governments consult local bodies, leading firms and selected individuals as to the industry which is to be encouraged, etc., and, as result of this preliminary consultation, issue a notification (with a copy of the technical scholarship rules) containing full particulars of the scholarship to be awarded, not later than December.

(iii) If Local Governments anticipate difficulty in arranging suitable courses in certain subjects, such as the study of fats, oils and soaps, glass making or the manufacture of sugar, a copy of the notification is sent to the Government of India, who communicate with the Secretary of State early in January. The Government of India will reserve their final selection for scholarships till they have ascertained from the Secretary of State that suitable arrangements can be made in such subjects. In case courses cannot be arranged in any subject, it may be found convenient for Local Governments to mention more than one industry in the notification, so that there may be a certain range of subjects and of candidates from which selection can be made.

(iv) In determining the industry to be studied and in choosing a candidate for the scholarship, Local Governments are required to bear in mind the importance of ensuring that the scholar on his return will find scope for his skill and experience. In recommending a candidate for the study of any industry connected with agriculture, Local Governments might with advantage consult the Agricultural Adviser to the Government of India as to the course of training which the selected scholar should undergo.

(v) The subjects excluded from the scope of these scholarships are Law, Medicine, Forestry, Veterinary Science, Agriculture, Civil Engineering and Geology. It is not intended to send scholars either to Europe or to America to study the extraction of alkalis or vegetable oil pressing.

(vi) Candidates selected for scholarships should ordinarily be of such formed character and habits, and of such an age, that detailed tutelage should be unnecessary.

(vii) The form in which recommendations should be submitted will be found in Appendix III to this resolution.

(viii) If a technical scholar is receiving preliminary training in India, a report upon his work and progress should be forwarded to the Government of India for transmission to the Secretary of State at the end of each year, so that his training in India and in England may be made parts of one considered plan, and that no time may be lost on his arrival in England.

(c) *Domiciled Community Scholarship (Male Candidates)*

(i) The two main principles which govern the grant of the scholarship are—

- (a) that, as the object in view is to assist a scholar to take up a University course in England, the scholarship will ordinarily be awarded to a young man at the close of his school career in India so that he may join the University as far as possible at the same age as boys educated in England;
- (b) the scholarship will be given to the scholar who is most fitted to benefit from a course of study at a University.
- (ii) In making the selection due regard will be paid to the claims of each province to participate in its turn in the scheme.

(d) Language or Oriental Scholarships

- (i) The scholarship will, as a rule, be awarded to a candidate who has passed examinations in India which will obtain for him admission to a University in Europe as an Advanced or Research Student.
- (ii) Some elementary knowledge of French and German should, if possible, be acquired by the scholar before leaving India.
- (iii) In the selection of scholars for the study of Sanskrit regard should be paid to the following considerations. As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialize, the choice of the special branch of study should be made in India and the pertinent preparatory studies completed before the scholar leaves for Europe. Professors of Sanskrit in various European Universities have complained that individual Language Scholars have been unable to enter at once on the course of study best fitted for them, through lack of preliminary knowledge which could quite well have been acquired in India. Accordingly if a Sanskrit scholar wishes to specialize on—

- (a) Veda or philology, he should have some knowledge of Latin and Greek;
- (b) Philosophy, he should have studied one of the systems of Indian philosophy in the original texts, and have read some Plato and Aristotle;
- (c) post-Vedic literature, his readings should have extended considerably beyond the limits of the courses prescribed for the M.A. examination of an Indian University.
- (e) *Domiciled Community Scholarship (female candidates) and Scholarship to Indian Women*

If a selected scholar has friends or relatives in the United Kingdom willing to receive her during vacations, their names and addresses should be forwarded to the Educational Adviser in London.

SCHOLARS IN THE UNITED KINGDOM

1. All Government scholars are required to avail themselves of the information and advice which the Secretary for Indian Students and the Local Advisers at University centres are in a position to give them, and to apply to their Local Adviser for instructions as regards their studies and in any circumstances of difficulty. The Local Advisers at Oxford, Cambridge, Manchester, Edinburgh and Glasgow have charge of Government scholars studying at those Universities. Scholars studying at other British Universities will be under the charge of the Educational Adviser in London. The Adviser is the proper person to bring before the Secretary for Indian Students any matter requiring the sanction of the Secretary of State in Council.

2. Every scholar should on reaching England at once report himself to the Educational Adviser in London at 21, Cromwell Road, S.W. Accommodation for new arrivals is provided in that house. After seeing the Educational Adviser in London, and consulting with him in regard to his course of study, he should also call on the Secretary for Indian Students at the India Office.

3. Every scholar must obey all instructions which he may receive, either through the Secretary for Indian Students or through his Local Adviser, and must consult his Local Adviser regularly in regard to his work. Any course of study which requires and has received the sanction of the Secretary of State will not be changed without similar sanction.

4. Every scholar must from time to time, whenever the Local Adviser requires it, submit a certificate from the proper College or University Authority, showing that his conduct and progress in study have been satisfactory.

5. Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the Local Adviser under whose charge he is. It will begin from the date of the scholar's reporting his arrival in England, and the Local Adviser will disburse it to the scholar in such instalments as convenience may dictate. Three months after the date of reporting arrival, the amount to the ensuing official Quarter Day* will be paid to the Local Adviser, and subsequent payments will be made in advance on or after each official Quarter Day. The allowance will be at the rate of 200*l.* a year, except in the case

of scholars admitted to colleges at Oxford or Cambridge, whose allowances will be increased to 250*l.* a year, to cover the additional expenses involved.

6. Every scholar is required to lodge with the Secretary for Indian Students at the India Office, London, before his arrival in England, the sum of 25*l.* for initial expenses. He will have no claim to payment of any instalment of his scholarship until this deposit has been made.

7. Charges for University and college fees, for private tuition for books, hotel bills, medical attendance, and travelling (except the two journeys between England and India), must be borne by the scholar and will not be defrayed by the Secretary of State.

8. The scholarship is granted for three years, unless the Secretary of State in the exercise of his discretion sees reason to terminate it sooner. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the rules here set forth. It may be terminated at any time if a scholar fails in health or conduct.

9. On the expiration of the scholarship a scholar is provided by the India Office with a free second class passage to India, and he should apply for it without delay through his Local Adviser. He is not entitled to make his own passage arrangements, and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

4. Every scholar must from time to time, whenever the Local Adviser requires it, submit a certificate from the proper College or University Authority, or from any other Authority under whom he is working, showing that his conduct and progress have been satisfactory.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. 6. Every scholar will be required to keep a concise diary, to be submitted at the end of each term to his Local Adviser, and to be forwarded through the Local Adviser at the end of each academic year to the Secretary of State for transmission to India.

7. Scholars will be expected to continue their studies during vacations with the exception of three weeks in each year. Vacation study should, as far as possible, take form of practical work.

8. Plans for vacation work, accompanied by a complete estimate of any extra expenses for fees or travelling involved, should be sent in to the Local Adviser six weeks before the end of any academic term. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the Local Adviser under whose charge he is. It will begin from the date of the scholar's reporting his arrival in England, and the Local Adviser will disburse it to the scholar in such instalments as convenience may indicate. Three months after the date of reporting arrival, the amount to the ensuing official Quarter Day* will be paid to the Local Adviser, and subsequent payments will be made in advance on or after each official Quarter Day. The allowance will, except in special cases, be at the rate of 150*l.* a year.

12. No claim can be admitted for the payment of any expenditure unless the scholar has obtained previous sanction from the Secretary of State.

13. The scholarship is granted in the first instance for two years, unless the Secretary of State in the exercise of his discretion sees reason to terminate it sooner. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the rules here set forth. It may be terminated at any time if a scholar fails in health or conduct. It may also be extended for a third year or longer, if the Secretary of State decides that such an extension is required to complete the scholar's training.

14. On the expiration of the scholarship a scholar is provided by the India Office with a free second-class passage to India, and he should apply for it without delay through his Local Adviser. He is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

III. The Sir T. Muttuswami Aiyar Scholarship

This scholarship, with an endowment of Rs. 10,300, was founded by Mr. T. M. Swaminatha Aiyar, B.A., son of the late Sir T. Muttuswami Aiyar, B.L., K.C.I.E., primarily for the encouragement of the study of Law in its higher branches and especially of Hindu Law, and secondarily for the encouragement of the study of Physical and Natural Science. The endowment was accepted by the Senate at a meeting held on 30th August, 1899, and the following are the conditions of award:—

The scholarship shall be designated the 'Sir T. Muttuswami Aiyar Scholarship', and shall be awarded by the Syndicate biennially or whenever a vacancy occurs. It shall be of the monthly value of Rs. 30 and tenable for two years or for such shorter period as the Syndicate may deem necessary in the special circumstances of each case.

The scholarship shall, in the first instance, be awarded to a student in Law who, having passed the B.L. Degree Examination in the University of Madras, wishes to continue his studies for the degree of Master of Laws in the same University; but if, on the occurrence of a vacancy, no student in Law shall apply for the scholarship, it shall be awarded to a student who, having passed the *Intermediate Examination* in the University of Madras, wishes to continue his studies for the *Bachelor of Arts (Honours) degree in one of the subdivisions of Branch ii or of Branch iii*.

On the occurrence of a vacancy, applications for the scholarship shall be invited from students in Law in three successive issues of the *Fort St. George Gazette*, and, if at the end of six weeks after the appearance of the first notification no application shall have been received from students in Law, a new notification shall be inserted in the said *Gazette* inviting applications for the scholarship from students who wish to prosecute their studies for the *B.A. (Honours)*, degree in the aforesaid branches.

The age of an applicant must not exceed 25 years on the 1st January preceding the date of the notification.

The scholarship may be declared by the Syndicate to be forfeited, if the conduct or progress of the holder be unsatisfactory, or on account of his continued ill-health, or for any other reason which the Syndicate considers sufficient. There shall be no appeal from such decision.

The holder of the scholarship must bind himself by written covenant—

(1) to prosecute his studies for the examination of Master of Laws or *Bachelor of Arts (Honours)*, as the case may be, in the University of Madras, and to appear for examination, on the first occasion admissible under the *regulations*;

(2) to place himself, for the direction and control of his studies under the supervision of the Principal of the Madras Law College in the case of a student in Law, or of the Principal of a first-grade College situated in the town of Madras in the case of a student reading for a degree in Arts;

(3) not to hold any other scholarship in conjunction with this scholarship;

(4) not to pursue any calling inconsistent with the prosecution of his studies, nor to practise as a pleader, nor to hold any salaried appointment during his tenure of the scholarship;

Provided that nothing contained in this covenant shall be taken to debar the holder, if a student in Law, from serving his term of apprenticeship or from being enrolled as a pleader during the tenure.

The scholarship shall commence from the date on which the selected applicant reports himself to the Principal of the College under whose supervision he has to pursue his studies after executing the above covenant.

The Senate shall have power to make such changes in the conditions of the award as new circumstances may render desirable, provided that the object for which the scholarship has been founded shall always be kept in view and provided that the monthly value of the scholarship shall not be less than one-twelfth part of the interest accruing on the original endowment. Should, however, the Senate at any time after the 'Tata scheme' becomes an accomplished fact, consider it expedient and feasible to utilize the income from the endowment in granting a scholarship for the encouragement of research in any of the above or other branches of learning, it shall be competent for them to do so.

The first endowment was accepted by the Senate on the 21st September, 1899, the second endowment on the 21st April, 1900, and the third endowment on the 31st August, 1901, and the endowments now amount in the aggregate to Rs. 30,000.

3. In the event of a scholarship not being awarded in any year, the unused interest shall be added to the trust funds. The interest accruing from such accumulations shall be utilized in rateably increasing the amount of each scholarship, subject to a

maximum of Rs. 35 per mensem. The surplus interest accruing from the trust funds over and above thirty-five rupees per mensem per scholarship shall, as the Senate of the University determine, be applied in endowing some other scholarship in the University, or in the purchase of a medal or prize to be awarded to any student of the University whom the Senate may select for encouragement in the study of Medicine.

4. It shall be lawful for the Senate of the University, from time to time, with the consent, during his lifetime of the founder, to make new regulations with respect to the scholarships, always provided that they do not divert it to any other purpose than the encouragement of the study of Medicine by Native Christians.

5. If any event occurring to prevent the following rules from being carried out, it shall be lawful for the University to apply the trust funds of these scholarships in such manner as will carry out the object of the founder, viz. the promotion of the study of medical science by Native Christians of Southern India.

In the case of failure to pass one such examination, however, the Syndicate, on the application of the holder of a scholarship, may merely suspend the scholarship for one year. If the holder be successful within this period, it shall be lawful for the Syndicate to continue the scholarship for the remainder of the period for which the holder may be entitled to it.
